<b>Student Achievement</b>				
Students completing internships of 400 hours or more receive a written evaluation from their supervisor. Evaluation occurs upon conclusion of the internship, which typically follows the first year of completed coursework. Supervisors evaluate interns on a number of indicators of student performance, including a rating on whether they would hire the student should a position be open in their workplace. Evaluators use a rating scale of 3-Would Hire, 2-Would Hire with Reservations, 1- Would Not Hire.
